Maxim Elchaninov

Interface designer: web and games

Saint Petersburg · slcrmmbr@outlook.com · t.me/silenceremember · silenceremember.github.io · ORCID 0009-0000-0383-7357

Open to remote work: part-time or project-based

ABOUT

I design interfaces for websites and games: UX audits and user flows, Figma layouts, game UI. I build working prototypes and tools myself to test an idea before it goes to development.

Master of game design and PhD student at ETU "LETI", researching software documentation tools. I write team documentation: concept documents and technical specifications.

CASES

UX audit of the LETI admissions website · Capybara Bunk multiplayer UI · Gridsnap for Unity (Asset Store) · Architecture Rendering game. Details: silenceremember.github.io/projects.html

EXPERIENCE

2024-02 – 2025-04	**R&D Team Lead (Game Design & Development)**, 2IQLabs, student R&D group at RANEPA Built and led an R&D team: development tools, game prototypes, the Wobbledink documentation system
2023-09 – 2024-08	**Technical Support Engineer**, IT Novation LLC

EDUCATION

2026 – 2029	**ETU "LETI"**, PhD studies MATHEMATICAL AND SOFTWARE SUPPORT OF COMPUTING SYSTEMS (2.3.5)
2024 – 2026	**RANEPA**, Master's Degree APPLIED COMPUTER SCIENCE: GAME DESIGN & DEVELOPMENT
2020 – 2024	**KubSTU**, Bachelor's Degree INFORMATION SECURITY

SKILLS

Design and prototyping	Figma, UX audit, Unity, Unreal Engine, Miro
Technical	C#, Blueprints, n8n, Git
Documentation	Google Docs & Sheets, Confluence, Markdown
Collaboration	Jira, Notion
Assets	Blender, Substance Painter, Adobe Photoshop

PUBLICATIONS AND REGISTRATIONS

11 publications (RINC, eLibrary), 6 software and database registration certificates. Full list: silenceremember.github.io/research.html
